The Florida Citrus Commission's advertising and merchandising committee has approved a preliminary budget of \$9,092,800 which will be recommended for the 1966-67 season. Included is an item of \$4,350,000 for consumer advertising, well above the \$3 million utilized for that function this season.

### Pahokee Lions Hear State Report

The Pahokee Lions Club met on Tuesday at the Lions Club Building with president, George Rashley, presiding. A report on the State Convention held in Jacksonville, was given. George Rashley, president, Lewis Collins, incoming president, Charles Lewis, incoming first vice president, and A. J. Gamot, Sr., attended the convention. Dr. Walter Campbell of Miami Beach, International president of the Lions Club, was present at the convention.

Miss Tammy Branch, Miss Palm Beach County, was the guest of the Lions Club. She was presented by Duncan Padgett, program chairman for the day, and sang songs with her own accompaniment.

Guests at the meeting were Bob Adams, president of the Clewiston Lions Club, Pat Patterson, student guest, and Joyce Hennis of Fort Lauderdale, guest of E. C. Allen.

Mayor Robert King High of Miami tumbled the old line politicians in Miami and elsewhere throughout the state Tuesday to win a decisive victory over Governor Haydon Burns for the Democratic nomination for governor. The Magic City's popular mayor—who was just recently re-elected to that city's highest office—soundly trounced the highly lubricated political machine of the State of Florida in Tuesday's election.

Political prognosticators throughout the state started to weaken in their guestimates as much as two weeks before the run-off. Many of them began a couple of weeks ago to give the Miami Mayor a chance of winning over the Governor. As the days wore on the folks who cast the ballots began to make their choice known throughout the entire state and High's chances brightened. Following the close of the polls when the first few precincts started to report, High took the lead and never gave it up until "Slick" Burns made his concession speech in Jacksonville.

In Palm Beach county where Burns was top man in the first primary, Miami's Mayor took over and carried the county by more than 4600 votes.

Milton Carpenter came within an eyelash of winning the Glades seat in the state legislature but H. Loy Anderson, Jr. of West Palm Beach came in the victor by a vote of 19,807 to 19,183. Carpenter carried the Glades precincts by a two to one vote over Anderson, but this was not enough to overcome the east coast vote garnered by Anderson.

## Cheshire Farms switches to Electric Irrigation Pumps

...Does the job  
with a third less  
running time

Cheshire Farms in Deerfield Beach, Florida, recently changed from fuel-driven irrigation pumps to electric.

Says Russell M. Cheshire: "Our experience shows that the electric system is the easiest, most trouble-free, and convenient system we have had the pleasure of using. In addition, we were pleasantly surprised at the economical operation of our pumps."

"Our practice is to flood our 500 acres with water to one foot in depth for two months to control nematodes," declares Mr. Cheshire. "The flooding this year — the first time with electric driven pumps — was done faster and with a third less running time than in previous years."

Electric-powered irrigation is a profit-making, labor-saving production tool. Connect a dependable electric motor to your seepage or irrigation pumps. Easily controlled with a time clock or float switch.

## Elks President

JAMES W. VANN  
Pahokee, Florida

The Florida State Elks Association, Inc., at its annual meeting held in Clearwater, elected James W. Vann of Pahokee as its president for the ensuing year. Vann, who has been active in the affairs of the Association since 1949, was elected without opposition.

Mr. Vann has been a resident of Pahokee since 1946. He came to this area as an employee of the U. S. Department of Agriculture following his discharge from the U. S. Army in which he served for 2 and half years, including 12 months in the Philippines and Japan as a Special Agent in the Counter Intelligence Corps. He has been employed as Executive Director of the Housing Authority since 1947.

He has been active in civic affairs during his residence in Pahokee, having served as president of the Pahokee Lions Club, as Housing chairman for the Pahokee-Canal Point Civil Defense Committee and Red Cross Disaster Committee, as well as active in PTA, Chamber of Commerce and other local organizations. He is trustee and member of the official board of the First Methodist Church of Pahokee and has been active as a teacher in the Sunday School of that church for more than 15 years.

After being initiated into Pahokee Lodge No. 1638, B.P.O.E., in February, 1947, Vann advanced rapidly through the offices of the lodge and became Exalted Ruler in March, 1949. In March, 1950, he was re-elected to that office, becoming the only person to serve two consecutive terms as Exalted Ruler of Pahokee Lodge. In 1958-59, he served as vice president of the State Association, and in July, 1959, he was appointed to serve as District Deputy Grand Exalted Ruler for the Southeast District of Florida.

He has been extremely active in ritualistic work during his period of activity in the Elks. In 1950 he led the Pahokee Lodge Team to the district championships and in the state championships, although the Pahokee team came in second by an extremely narrow margin, he was selected as the All-State Exalted Ruler. At present he is certified by the Grand Lodge as a qualified ritualistic judge.

Mr. Vann is a native of North Carolina. He received his education in the public schools of Salem, N. C., the town of his birth, and at the University of North Carolina, from which he graduated in 1932. He is married to the former Miss Sarah Holmes of Council, North Carolina.

Mr. Vann said that among his first appointments would be that of Robert O. Lampi of Pahokee to the State Organist's post. Mr. Vann pointed out that Mr. Lampi had earned this state-wide post by serving as organist for the Pahokee Lodge for the past 25 years.

# Now— U. S. Savings Bonds Pay More Interest 4.15% when held to maturity

## Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

## Be Careful Of Hiring Children

Supt. Robert W. Fulton has cautioned all principals to "announce on at least two occasions before the end of the school year that work permits are required by law for all persons 12 through 18 years of age. This applied to summer employment as well as during the school year. Students who have secured summer employment should obtain work permits now.

Those who seek employment during the summer should secure a 'Promise of Employment' form to take with them while seeking a job and have it completed when a job is secured. The completed 'Promise of Employment' form should be presented along with a birth certificate to the school office, if open, or the Superintendent's office in order to obtain the work permit.

Those who work in enforcement of child labor laws state that they find numerous cases of teenagers working during the summer with no work permits, and have requested that announcements be made as indicated."

## Hospital Auxiliary Meet May 31

The Woman's Auxiliary of the Everglades Memorial Hospital will conduct its May meeting on Tuesday, May 31, at 8:00 p.m. in the dining room of the hospital. The Auxiliary meets once a month on the LAST Tuesday night, and in May this will be the fifth Tuesday night of the month.

President Grace Maxson urges all members to be present at this meeting. Those who have attended at least a two-hour session of the Orientation Course and have worked four hours or more at the hospital will be eligible to receive their AHA Emblems, which will be presented at the May 31st meeting.

In a special appeal to members for a good attendance, Mrs. Maxson points out that "this is a very important meeting for all members of our Auxiliary. Please make a special effort to keep Tuesday, May 31, open for attendance to our Auxiliary meeting that night. Your presence is needed. Keep up the good work you are doing. Will see you in the dining room of the hospital Tuesday night, May 31."

Mrs. Edward Rodgers returned to her home in Canal Point after a week's visit with her sister, Mrs. J. W. Dillon, in Perry.

Mr. and Mrs. Joe E. Thompson, Mrs. Chaplin's parents, plan to attend both the Baccalaureate services and graduation exercises in DeLand on Sunday.

They will return to Pahokee on the same day to attend the Baccalaureate services in Pahokee for their son, Joe Erby Thompson, Jr., who is a member of the Pahokee High School senior class of 1966.

A bedroom phone.  
To get away from it all.  
And get it all done.  
To shut out the noise. The crowd.  
To plan. Discuss.  
Settle things in peace and quiet.  
A bedroom phone. It's the answer.  
To lots of things.

# Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

*Higher interest on the  
Bonds you already own, too!*

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive

new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

**"Today, none of us can remain aloof on the sidelines."**

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Why should you buy  
 U. S. Savings Bonds when there are  
 so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
